

JEREMY ZAMORA

Sugarland, TX | 281-746-1764 | jeremyzamora326@gmail.com

Profile

I'm a highly motivated individual with experience learning and executing multiple tasks in the business industry that have expanded my skill sets and furthered my drive into becoming a professional coder. I possess a versatile set of tools for customer service, customer engagement, process enhancement, communication, managing multiple tasks, and meeting deadlines. I'm eager to absorb as much knowledge and insight as possible in the pursuance of my goals and future development. The pandemic started shortly after I graduated from high school and it has limited my opportunities but not my determination to advance to the next step in my career and my life.

Coding Experience

Khan Academy / CareerFoundry

2019 – 2020

- Obtained knowledge of several different languages as well as an understanding of how to read different language syntaxes. Which resulted in being able to pick up on different languages fairly quickly, therefore having a wider variety of languages to choose from for a specified project.
- Created websites and apps which I have continuously been working on to keep the languages fresh in my mind. I believe that there are always ways to improve everything in life so I never feel like any project is truly finished.

Freelancing

- Started by helping friends and family with creating websites for their family-owned businesses; to help them grow and gain more traffic.

Work Experience

Online Orders/Deliveries, Home Depot

June 2020 – May 2021

- Analyzed, examined, scanned, and interpreted online deliveries, compiled financial information, and recorded reports and financial data, developing a well-ordered workflow.
- Interacted with vendors, contractors, and personnel to receive orders, direct activities, and communicate instructions which resulted in outstanding sales for the company.

Sales Associate/Online Orders, Lowe's

September 2019 – May 2020

- Prepared store for opening by checking on product availability, restocking, and presenting products in-store up to Lowe's standards which resulted in smooth daily operations and customer satisfaction.
- Facilitated teamwork with coworkers to close down stores efficiently, ensuring that inventory was taken, and that store was made presentable for the next day.
- Recommended products to customers based on their needs and described different types of products resulting in clarity for customers in choosing their products as well as increased sales of spotlighted products.

Server, Papasitos

August 2018 – August 2019

- Exhibited top-tier customer service and serving skills by showcasing and selling our specials, leading to a promotion from level one server to level two server.
- Demonstrated excellent teamwork skills through serving parties of 10 or more in structured teams of servers, oftentimes leading my team as the server maintaining a lookout over the entire table and other servers.
- Competed with the team to exceed sales expectations, resulting in increased sales for the company and helping obtain recognition among the various locations.

Cashier/Snow Cone Maker, The Ice Barn

March 2016 – July 2018

- Provided fast and efficient work when it came to getting orders out on time during the busiest days of the year. Resulting in customers enjoying the service and becoming regulars.
